Faculty of Commerce & Business Administration

Data Base Systems

Information :

Course Code :	MIS 303	**Level :**	Undergraduate	**Course Hours :**	3.00- Hours
Department :	Management Information Systems				

Description :

The course provides students with a comprehensive introduction to data base concepts. Primary focus is on the relational model of data base management and querying data bases using Structured Query Language (SQL). Existing relational data bases are examined and manipulated, and new relational data bases are created.
