Department: Pharm D Clinical Pharmacy

Instructor Information : Title Name Office hours Lecturer Ola Gamal Hussein Farrag 2 Lecturer Sara Abdel Rsheed Mohamed Mohamed Elhanboushy 1

Description:

This course is designed to introduce students to the principles of good scientific writing, to be familiar with basic structure of scientific reports and research articles. It covers methods of paraphrasing, common mistakes in scientific writing, different writing styles, how to write a scientific report, proposal and manuscript, appropriate use of tables and figures in data presentation and evaluation of literature and information sources. The course will help students develop necessary written and oral communication and presentation skills to improve inter- and intra-professional collaboration and communication with patients and other health care providers.
