

## Faculty of Oral & Dental Medicine

### Clinical Removable Prosthodontics

#### Information :

**Course Code :** PROS 414

**Level :** Undergraduate

**Course Hours :** 2.00- Hours

**Department :** Faculty of Oral & Dental Medicine

#### Instructor Information :

Title	Name	Office hours
Associate Professor	Aya Mohamed Fawzy Hafez Ibrahim	3
Lecturer	Sarah Eman SaadEldeen Abdelsalam	
Assistant Lecturer	Diaa Mohamed Farid Mohamed Zahran	
Assistant Lecturer	MOHAMED IBRAHIM ABDULSAMIE AHMED EMAM	

#### Area Of Study :

The student will be able to Recognize the objectives of partial denture , develop the treatment plane and acquiring skill of management of partially edentulous patient following standardized techniques.

#### Description :

principle of partial denture design of kennedy classes , mouth preparations , impressions occlusions of partial denture , frame - work try in , partial denture insertions , complians

#### Course outcomes :

##### a.Knowledge and Understanding: :

1 -	Describe the different clinical steps for partial dentures Construction.
2 -	recognize objectives of partial denture prosthodontics
3 -	Describe different impression techniques for partially edentulous patient

**Course Topic And Contents :**

Topic	No. of hours	Lecture	Tutorial / Practical
Overview removable partial denture	4		
Overview removable partial denture	4		
Diagnosis	4		
Mouth preparation	4		
Impression	4		
Principles of partial denture design	4		
Principles of partial denture design	4		
Principles of partial denture design	4		
Jaw relation +waxed up try in	4		
Delivery + relining	4		
Complains	4		

**Teaching And Learning Methodologies :**

Lectures
Clinical demonstration
Requirement
Assuagements

**Course Assessment :**

Methods of assessment	Relative weight %	Week No	Assess What
Final Examination	25.00		
Mid-term Examination	30.00		assess knowledge and understanding.
Oral Examination	10.00		
Practical Examination	15.00		assess clinical skills , intellectual and general skills
Semester Work	20.00
