

Faculty of Oral & Dental Medicine

General Pathology

Information :

Course Code : SGS 372

Level : Undergraduate

Course Hours : 3.00- Hours

Department : Faculty of Oral & Dental Medicine

Instructor Information :

Title	Name	Office hours
Professor	Mohammed Faisal Ibrahim Ahmed Darweesh	
Assistant Lecturer	Sameh Mohamed Ismail Elsayed Elsibaei	
Teaching Assistant	Salma Ahmed Mohamed Khaial	

Area Of Study :

“To familiarize students with the basic disease patterns and their underlying. Mechanisms within the specific organ system as step to preparing the student for his future work as a dentist.
 “To promote life long competencies necessary for continuous professional development

Description :

Cell injury and metabolic disturbances, Irreversible cell necrosis, Inflammation, introduction disease etiology, repair (healing & regeneration), and circulatory disturbances.

Course outcomes :

a. Knowledge and Understanding: :

- 1 - Define and discuss the main disease categories that may affect the body
- 2 - Describe the morphologic (gross & microscopic) changes occurring as a
- 3 - Determine the fate & complications of each particular disease and outline

b. Intellectual Skills: :

- 1 - Predict the signs and symptoms of a disease based on the underlying gross
- 2 - Interpreting in a professional manner an oral pathology report.

c. Professional and Practical Skills: :

- 1 - Describe the pathologic picture of a disorder based on gross or
- 2 - Choosing the most appropriate cost effective pathologic diagnostic
- 3 - Selecting the necessary techniques for sample reception & processing

- 1 - Express themselves freely and adequately by improving their descriptive
- 2 - Respond appropriately according to the seriousness of the pathologic
- 3 - Maintain a professional image in manner, dress, speech and interpersonal

Course Topic And Contents :

Topic	No. of hours	Lecture	Tutorial / Practical
Pathology and its related disciplines	4	Pathology and its related disciplines	
Technical Pointers on sample handling,	4	Technical Pointers on sample handling,	
sending,processing	4	sending,processing	
reporting as well as quality	4	reporting as well as quality	
control of surgical biopsy material	4	control of surgical biopsy material	
Cell injury	4	Cell injury	
Cell, accumulations & depositions	4	Cell, accumulations & depositions	
Inflammation	4	Inflammation	
repair	4	repair	
Immune response	4	Immune response	
nonspecific infections	4	nonspecific infections	
Specific infections-granuloma	4	Specific infections-granuloma	
Fluid & hemodynamic disturbances	4	Fluid & hemodynamic disturbances	

Teaching And Learning Methodologies :

General Lectures

Tutorials

seminars

small group discussions

role playing

case studies

Practical sessions
Histopathology slide lab
Museum of pathology

Course Assessment :

Methods of assessment	Relative weight %	Week No	Assess What
Final Written Examination	25.00		knowledge and understanding.
Mid Term Examination	30.00		assess knowledge and understanding
Mid Term Practical Examination	20.00		assess descriptive & diagnostic abilities and theory application
Oral Examination	10.00		
Practical Examination	15.00		descriptive & diagnostic abilities and theory

Course Notes :

Department Book available at faculty bookshops & in the department:
Principles of general & special pathology parts 1 & 2
Color atlases of Gross pathology and Histopathology G. Nada et al.
Multiple sets of slides to be used during the histopathology sections

Recommended books :

Principles of general & special pathology parts 1 & 2
Color atlases of Gross pathology and Histopathology G. Nada et al
Basic Pathology by Kumar, Cotran & Robbins
systemic pathology J.C.E underwood 3rd edition livingstone

Periodicals :

Recommended Books
